

NuVinci® Aftermarket Conversion Kit

“Make Mine *NuVinci* Smooth!”

Dealers...Now you can make your customer's favorite bike *NuVinci* smooth! The same award-winning *NuVinci* CVP from Fallbrook Technologies is now available in a ready-to-install aftermarket kit or pre-laced in a rear wheel from Seattle Bike Supply (SBS) and Quality Bike Products (QBP). It's easy to upgrade your customers' existing bikes for a ride like never before. Smooth, quiet, easy... that's the revolutionary *NuVinci* experience!

***NuVinci* Smooth Cruise CVP™ Features:**

- Smooth and Easy Shifting!
- Always in the Right “Gear”!
- No More Chains Coming Off!
- A Wider Ratio Range than Shimano or SRAM internal geared hubs!
- Maintenance-Free Drivetrain
- 6-Year Drivetrain Warranty* – Three Times the Competitor!

**Some conditions apply, ask for details.*

New *NuVinci* Chain Tensioner

Now all vertical drop-out frames can be converted to accept the five-time award-winning *NuVinci* CVP.

Features:

- Sleek
- Low Cost
- Corrosion Free Stainless Steel
- Sealed Roller Bearings
- Very Quiet Operation
- Integrates well with bike designs

For Vertical Drop-Out configurations without a concentric bottom bracket
